

FOR IMMEDIATE RELEASE

## Carbon Dating Service Tour Dates Announced

**Carbon Dating Service will be touring Eastern Canada from June 27th to July 23rd to debut material from their upcoming album *Victory, Triumph and Glory*.**

SASKATOON, SK, June 20, 2008 – Carbon Dating Service will be embarking on its third summer tour in as many years this June 27th to July 23rd. The eight-member “geek rock” orchestra from Saskatoon, Saskatchewan, will travel in its trademark school bus to venues across Eastern Canada. The group will be debuting songs from its upcoming third album *Victory, Triumph and Glory*. Included in the tour will be a CBC Radio 3 *In-Session* performance to be recorded in Toronto and made available online at a later date.

Carbon Dating Service features strings, brass, harp, electronics and vocals “gently piled on like blankets” (*Fluxblog*, 2007) over a rock rhythm section. Over the past four years they have released two full-length albums (*Carbon Dating Service* and *Polyentdrii*) and have earned the support of critics, bloggers, college radio stations and the CBC.

Accompanying Carbon Dating Service for the majority of the tour will be Ride ‘Til Dawn, a four-piece rock-country band from Saskatoon.
